

# Select Solutions™ Cover-Up Portfolio

High-opacity barrier coating on paper or film corrects errors and covers-up outdated information on packaging, labels and containers.

Typos, changes, omissions, updates...no matter the mistake or need to re-label, Avery Dennison's Select Solutions Cover-up portfolio can make it right.

Available in a variety of facestocks with a range of adhesives from removable to hammerlock for heavy holding, our Cover-up papers and films are suitable for many applications—and many application environments. Cardboard, wood, textured surfaces... no matter the material, Cover-up has it covered, obscuring information and multicolor graphics even on clear containers. Sell it to brand owners or use it on press to re-run jobs—Cover-up cuts the high cost of having to start over from scratch. Lay-flat liner option available for sheeted applications.

**Are we missing a construction you need?  
Ask about our Select Solutions Engineered Solutions.**

Contact your application consultant or sales representative to discuss how we can meet your needs. We have a team of technical solutions leaders dedicated to developing engineered solutions that fit your timeline and your bottom line.

## Product Information

### Portfolio Components

Durable, pressure-sensitive films, coated and uncoated papers

- Gloss
- Semi-Gloss
- Matte Litho
- Trans Thermal
- Direct Thertmal
- Inverted Foil Inverted Metallized Primax®

A range of adhesives

- Removable
- All-Temperature
- Hammerlock

### Portfolio Characteristics

More cost-effective and convenient than removing old labels or replacing entire packages

- Easily masks obsolete variable information, barcodes and pricing
- New data is easy to read and completely scannable

### Applications

- Logistics and Transport
- Pharmaceutical
- Industrial Chemical Labeling
- Food and Retail Promotions
- Home and Personal Care
