

Product Information

Feasibility Testing

Not sure whether a label construction with an overlaminate will meet other UL standards or OEM specs? Our Innovation Center can help there, too. Our technical experts can evaluate a label construction against any standard. For instance, when seeking UL recognition we can let you know whether the construction is likely to gain recognition when submitted for testing. Our no cost feasibility testing can save you time and money while boosting confidence about the constructions you're suggesting to your customers.

Avery Dennison ADvantage: Technical Excellence

You can count on members of the Avery Dennison ADvantage: Technical Excellence Team to help you find the products and solutions that work

for you and your customers. Our technical experts are dedicated to making your next application a success. Our people are there for you, helping with scaleup, converting, application troubleshooting and employee training. We'll put the industry's most comprehensive offering of facestocks, adhesives and liners to work for you in the shortest possible time.

Are we missing a construction you need? Ask about our Select Solutions Engineered Solutions.

Contact your application consultant or sales representative to discuss how we can meet your needs. We have a team of technical solutions leaders dedicated to developing engineered solutions that fit your timeline and your bottom line.
